

Formax Electronics Private Limited

www.indiamart.com/formax-electronics

We are the supplier and importer of Industrial Electronic Components like IGBT, DC CAPACITORS, MOSFET, COOLING FAN etc. We are the authorized distributor of LS IGBT and RESCON Capacitor.

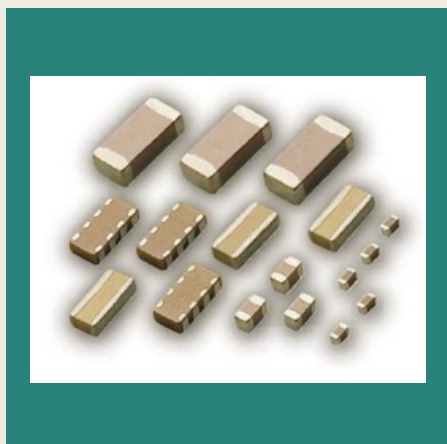

Profile

Formax Electronics, New Delhi since inception in 2003 have been engaged as an independent distributor of high quality Industrial Electronics & Electrical Components. Our new establishment Formax Electronics Private Limited established in 2008 is an independent distributor & authorized stockiest for active, discreet & passive electronic components, having expertise in kitting & consolidation, serving major EMS & OEM's in lighting, automobile, automation, telecom, power & instrumentation industries etc., all over India which is the fastest growing electronics market in the world. Products that are sourced from authentic and trustworthy manufacturers & vendors, the firm have crossed milestones of success across the industry. We are one of the largest distributors and solution providers of SEMICONDUCTORS and ELECTRONIC COMPONENTS for last 10 years with the annual sales of USD 1.5 million in the year 2013 **Formax is all over India service provider with its offices & ware houses at Delhi.** We are an ISO 9001:2008 certified company and are maintaining the quality managmnet standards as per ISO 9001:2008 standards & specifications.

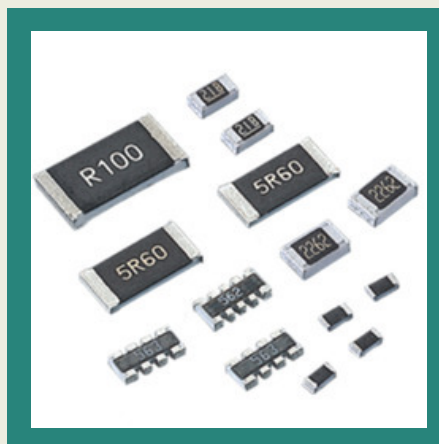

WALSIN DISC CAPACITORS

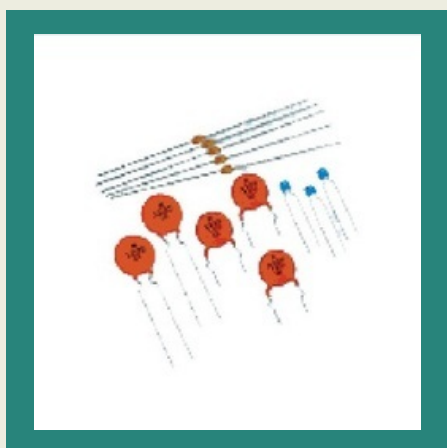

Prominent & Leading Supplier and Distributor from Delhi, we offer WALSIN Disc Capacitors such as Multilayer Ceramic Capacitors (MLCC), Walsin Chip Resistor, Walsin Ceramic Disc Capacitor, Walsin RF Device and High Frequency Inductors and Walsin Varistors and SMD-Varistors.

RESCON CONDENSERS

We are a leading Supplier & Distributor of Rescon Condensers such as Aluminum Electrolytic Capacitors, Aluminum Electrolytic Capacitors 50 Volt D.C, Aluminum Electrolytic Capacitors 75 Volt D.C, Aluminum Electrolytic Capacitors 100 Volt D.C., Aluminum Electrolytic Capacitors 160 Volt D.C, Aluminum Electrolytic Capacitors 200 Volt D.C.

ELECTRIC IGBTs

These are acknowledged for superior finish, durability and high efficiency. Further, these are fabricated using high grade raw material that enhances the quality and flawlessness of the range. Our products can be availed in various specifications as per the requirements of our clients at pocket friendly prices.
